

# WHAT IS SPONSORSHIP?

The definition of sponsorship: ***EMAS agrees to underwrite the travel and other related expenses involved in an approved overseas mission. The sponsored worker agrees to arrange suitable donations to EMAS.***

## HOW TO GET SPONSORSHIP

To meet government requirements each individual needs to complete an application

form and return it to the EMAS office. This gives EMAS a database to work from as well as a statement of faith by each participant. It is important that EMAS know who is travelling and what their beliefs are. Part of the application is a Waiver of Responsibility. This is a necessity in today's legal climate and applications without this properly executed Release will not be considered. Before travelling applicants are required to provide proof of personal insurance.

## WHICH EXPENSES QUALIFY?

Expenses incurred while working overseas may be claimed for income tax purposes within approved guidelines. Accommodation, meals and in-country travel for the days you are participating on the project,

as well as project fees paid to other organizations (usually US) are allowable with appropriate documentation. We cannot receipt immunization or personal travel costs. EMAS reserves the right to limit the value of receipts issued based on previous experience (i.e. don't stay at the Hilton!)

## AFTER I HAVE BEEN APPROVED

After receiving notification of acceptance please ask your travel agent to invoice EMAS directly or EMAS will be glad to assist with your travel plans if

you so desire. You are expected to arrange donations to EMAS to cover travel and related costs as well as an administration fee of \$100.00.

## WHAT GROUP ARE YOU JOINING?

Many members of the EMAS constituency have contacts overseas. EMAS is aware of many other groups operating around the world. In order to qualify for sponsorship we need to know something about the group you will be working with, their denominational affiliation and their experience in the area you will be working.

## WHY SPONSORSHIP?

Many members of the EMAS constituency have contacts overseas and are able to arrange to spend short terms helping the medical communities outside of Canada. EMAS is well placed to facilitate this process.

By providing the infrastructure to issue receipts for expenses involved in approved projects which have no other Canadian affiliations we can help to make your trip more financially manageable.
